TRANSPORTATION: PROCEDURES FOR BUS SAFETY POLICY

The Board of Education establishes the following procedures in order to maintain safe school transportation. The Board will, through the Superintendent of Schools, his/her designee, or Transportation Contractor:

1. Approve each driver of a bus.
2. Require of each bus driver a physical examination before the opening of school each September and fulfillment of requirements pertaining to alcohol and drug testing.
3. Approve all alternate bus drivers before they are permitted to drive a school bus.
